MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Logistics Office Outline of Published and
                  Proposed Regulatory Issuances (as of 5 Oct. 1954)

1. In accordance with your request at the 23 September 1954
Administrative Staff Chiefs Meeting, attached is the Logistics
Office status report on regulatory issuances.

2. The outline lists those regulatory issuances scheduled
for completion in the next nine months. Estimated completion
dates, of course, are based upon the continued availability of
personnel presently assigned to this task.

3. The attached outline lists a total of 153 issuances (in-
cludes changes required to published issuances) broken down as
follows:

       a. Written and submitted to Regulations
           Control Staff   86

               Published   56
               Pending (formal coordination
                          process)   30
                                                    86

       b. Have been written and are in various
           stages of working level collaboration   17

       c. Scheduled for preparation but not
           yet written   50
                                          Total   153

4. This outline, although submitted in response to your
recent request, was in the course of preparation for Logistics
Office use in order to plan and maintain control of the regulatory
program in this office. It is our intention to revise this out-
line every three months. Copies will be furnished your office
and the Regulations Control Staff.
